4. **FY20 Workshop:**

- Discussed Gov. Lamont’s initially proposed biennial budget and the educational elements (e.g. regionalization, shared services, etc.). It was agreed that it was early in the State process and that we should monitor and engage with our legislators if necessary.  
- SS and JS provided updated information on materials presented previously.  
- It was agreed that the SPED Director Business Case provided the type of information we are looking for.  
- We reviewed the materials provided at the last FC Budget meeting related to Plant Operations, Administration, Utilities/Supplies, Misc., and IT materials. Specific questions/requests were made and will be provided at the next meeting  
- We reviewed the “Emerging Priority” history.  
- It was agreed that the final book needs to be ready for the next BoE full meeting and should include the various support/back-up materials discussed during the different FC budget workshop meetings.

It was agreed that the FC would be looking to finalize a ‘recommended’ FY20 proposed budget for the full board to consider.
