

THE PHYSIOLOGY OF ADDICTION:

Effects of Drug-Taking Behavior on the Brain

December 12, 2019, 6:00PM – 7:30PM
Preston Veterans' Memorial School
325 Shetucket Turnpike, Preston

Dr. Ruth Potee is a board certified Family Physician and Addiction Medicine physician who works in western Massachusetts. In addition to practicing full-scope family medicine, Dr. Potee is currently the Medical Director for the Franklin County House of Corrections, the Director of Addiction Services for Behavioral Health Network, the medical director for the Pioneer Valley Regional School District and the Co-Chair of the Healthcare Solutions Committee of the Opioid Task Force of Franklin County and the North Quabbin Region.

Join us to learn how substances and addictive behaviors impact the brain and how the brain is injured by prolonged exposure to these substances and behaviors.

Who should attend? Parents, caregivers, grandparents, teens, teachers, social service providers, clergy and any community members who care about our youth and the health of our community.

This event is FREE and open to the public. No registration necessary.
