

## Blue Water Donates \$50k to Ducks Unlimited Conservation Efforts in Virginia

At Blue Water, the heart of our brand is the water. Water sustains us – healing us physically, mentally, and spiritually through biology and ecology. Our real estate development processes involve partnerships with regulatory agencies to ensure that properties are being developed with minimal environmental impact. This is especially significant to the Eastern Shore as an integral part of the local watershed. Blue Water is committed to the stewardship of the land that has been entrusted to us, which is why we are focusing our philanthropic efforts on supporting Ducks Unlimited with a donation of \$50k to support their conservation efforts in Virginia.

It is immensely important to Blue Water that we support the beautiful ecosystems of Virginia's Eastern Shore. With waterfront properties in Chincoteague and Cape Charles, it is paramount to us that the wetlands surrounding these properties be conserved for those

who live in and visit the Eastern Shore of Virginia for years to come through concentrated sustainability efforts. We are thrilled to be able to support Ducks Unlimited in its mission to conserve habitats for North America's waterfowl. Virginia is an important part of the Atlantic Flyway, providing migration and winter habitats for waterfowl, including American black ducks, mallards, canvasbacks, and Canada geese.

Through conservation programs in Virginia, Ducks Unlimited has restored and enhanced more than 48,000 acres of wetlands. These programs exist to maximize the quality of migration and wintering waterfowl habitat and improve conditions for waterfowl production. The benefits of these programs have a ripple effect for the ecosystems in which they are implemented, restoring grasslands, replanting forests, restoring watersheds, **and so much more.** Ducks Unlimited uses constant monitoring and evaluation to establish continual refinement of its habitat programs and maximize the use of funding.

Blue Water is committed to sustainable action in every aspect of our business, from outdoor hospitality management to real estate development and asset management. And we proudly support wonderful organizations like Ducks Unlimited, who are doing their part to care for and protect the natural beauty of the land we proudly call home.

If you are interested in supporting Ducks Unlimited or learning more about their conservation projects in Virginia, **[visit their website.](#)** To learn more about Blue Water Gives Back and our philanthropic initiatives, **[visit our website.](#)**
