Dear Kathy:

We have reviewed the revised plans dated March 9, 2022 and associated documents submitted for the proposed RV park on 451, 455 & 495 Route 2. We note the following items:

1. Handicap ramp details must be updated to present CT DOT Standard drawings.
2. The flood plain compensatory storage calculations must include the area between sites 206 and 207.
3. A bond estimate for the E&S Controls must be submitted for review.
4. A guiderailing must be installed along the access drive at the riprap apron slope area.

Very truly yours,

Thomas L. Cummings, P.E.
