

## Doug Colter Building Official

Doug has an extensive construction management background of nearly 30 years, as well as a municipal background of 11 years, where he has served the towns of West Haven, Woodbridge, and Beacon Falls. As a State Licensed Building Official, he has served in both the Assistant and Chief roles since 2012. Recently, he also served as the Grants Coordinator, Flood Plain Manager, and Solid Waste Coordinator for West Haven. Doug also holds certification from the ICC as a Mechanical Inspector and several DEEP qualifications such as A/B UST and Fuel Site Operator and Transfer Station Operator. Doug holds numerous other certifications such as FEMA Debris Site Manager, Certified Flood Plain Manager, Mechanical Inspector, numerous OSHA certifications, EPA Lead Renovator, Home Energy Rater, and CERT Team certified trainer. Doug is the Chairperson for the CT Association of Flood Managers and a frequent presenter for State Continuing Education classes for Building Officials. As an energy conservation professional, and avid EV and Solar enthusiast, Doug is well-positioned to help guide our community into this new age of energy independence.
