

TOWN OF PRESTON

DEPARTMENT OF PUBLIC WORKS NOTICE

RE: Paving on Long Society Road

Long Society Road has been scheduled for paving this month! Work is **tentatively scheduled to begin on October 20, 2025**, however, both scheduling and weather can affect the start date.

The scope of this project includes milling the existing road surface and installing new asphalt. Between now and the actual paving work, you will see an increase in construction activity in this neighborhood, as we prepare the road for paving.

During this time, we ask for your patience and cooperation. Residents on this road can facilitate our work by:

- Keeping parked cars off of the roadway during working hours 7:00 a.m. to 5:00 p.m.
- Marking and clearly identifying any lawn sprinklers or underground pet fences that are installed within 12 feet of the pavement.
- Keeping children and pets away from the construction work and equipment.

Residents on this road may begin seeing utility companies painting the streets and placing little flags in your yard. Please do not remove or alter these marks, as they indicate the location of underground utilities.

When driving or walking through and around the construction area, please follow and obey all construction traffic signage. This is for your safety, as well as the safety of the workers on site.

Should you have any questions regarding this project, please contact our Public Works Department at 860-886-7220. Thank you.
